RESOLUTION CENTER, INC.

About Resolution Center

Founded in 1990, Resolution Center, Inc. is a nonprofit organization with a mission to help people resolve their disputes effectively, expeditiously, and with compassion and respect. We provide mediation training and services throughout Wisconsin, both within and outside of the court system.

In mediation, we facilitate communication and negotiation between people in conflict, create the space for everyone to feel heard, and help people have greater self-determination in the outcome of their dispute. Mediation serves as an alternative to both the adversarial litigation process and common, unproductive methods of handling conflicts in all walks of life.

"Conflict is an essential opportunity to peacefully transform our community for the better - but it must be approached with compassion, respect, and intention."
